AGENT INFORMATION

It is virtually impossible to set forth our underwriting program in its entirety within this manual. All applications will be reviewed and underwritten on their individual merits. This manual addresses minimum requirements. If in doubt, please call customer service before binding.

Binding Authority

Agents have immediate binding authority in accordance with all the rules and procedures set forth in this manual. The agent must be a duly authorized agent of MGA Agency, Inc. ("Company").

Coverage will be bound at the exact date and time the application is completed, signed and dated by both the applicant and agent if the following conditions are met:

- All of the information entered into the New Quote screen on GAINSCOconnect.com must be submitted to the Company using the portal.gainscoconnect.com website. Paper applications are unacceptable.
- The application process is completed in its entirety when all required documentation is obtained from the applicant, including but not limited to: a signed and completed application with exclusions and rejections as appropriate, household driver discovery affidavit, documentation for any discounts and vehicle inspection form(s) if applicable.
- The risk is not defined as being unacceptable in this manual.
- The appropriate down payment or full premium and any applicable fees are collected from the applicant and submitted to the Company.

Coverage is not bound and is considered null and void if the applicant's down payment check is returned by the bank for insufficient funds. Please notify the company immediately upon receipt of notice of NSF from the applicant's bank. If an application is submitted with an incorrect driver class, surcharge, discount, etc. or without the required proof for a specific discount, the policy will be issued at the appropriate rate level according to the rules set forth in the program manual.

Unless notified otherwise, all submissions for new business and endorsement on existing policies that have an effect of increasing the company's exposure are suspended from the time the National Weather Service issues a severe weather advisory (i.e. hurricane, tornado, or thunderstorm watch/warning) within 100 miles of the watch/warning area. Normal submission activity will be reinstated unless otherwise notified 24 hours after the watch/warning is lifted by the National Weather Service.

Agent Duties

The Agent must assure compliance with all our Company's underwriting guidelines, procedures and requirements. The Agent is responsible that the entire application package, including exclusions and rejections as appropriate, are reviewed with the Applicant and approved by the Applicant. The Agent is also required to verify the Applicant is the named insured prior to submitting any documents.

All applications must be uploaded to the Company using the portal.gainscoconnect.com website.

If you are unable to upload an application through GAINSCOconnect.com, please contact Customer Service or the Help Desk for assistance.

If an applicant is adversely impacted by information contained in a consumer report, or our inability to pull a consumer report, we will generate a letter pursuant to the provisions of the Fair Credit Reporting Act (FCRA). A copy of the FCRA letter must be printed and provided to the applicant.

For applicants with no prior insurance and no more than one accident or violation, if the premium quoted for Personal Injury Protection or Uninsured Motorist Coverage equals or exceeds the rate charged by TAIPA for these coverages, the agent must notify the applicant. A sample notice is provided under the Printable Forms section of www.GAINSCOconnect.com.

Agents may obtain the named insured signature on our Texas Automobile Insurance Application, UM/UIM Bodily Injury, UM/UIM Property Damage, Personal Injury Protection rejections, policy forms or statements, and any other documents utilizing electronic signature (e.g. services offered by DocuSign, EchoSign or other electronic signature service providers) . The Agent is responsible for providing the Applicant the opportunity to consent to electronic signature. The Agent is responsible for complying with all applicable state and federal e-signature laws.

Agents must keep all documentation, including the appropriate applicant signatures, on file for the appropriate number of years. The Company reserves the right at any time to inspect all applicant files and/or require agent to submit copies of documentation to us for audit/review purposes.

The following documentation (if applicable to the policy) must be kept in your Agency's file for 3 years after the date of the transaction, or for the amount of time prescribed by all applicable laws and regulations, whichever is greater, and, as stated above, be available for Company review as requested:

- Completed and signed Texas Automobile Insurance Application, including signed UM/UIM Bodily Injury, UM/UIM Property Damage and Personal Injury Protection rejections

- A copy of the driver license, Matricula, and/or ID for the applicant, for each non-excluded driver listed on the policy, and for any driver listed as an excluded spouse
- Signed driver exclusion form(s)
- Signed household member affidavit
- Proof of prior insurance coverage
- Proof of home ownership
- Any document proving accidents were not-at-fault
- Signed and dated Vehicle Inspection Form(s) or photographs as specified below
- Credit Card payment/Recurrent EFT authorization form

MGA Agency, Inc. reserves the right to inspect all applicant files and/or require the agent to submit copies if requested by the company for audit and compliance purposes.

Vehicle Inspection Requirement

Agents are required to complete a vehicle inspection for each vehicle with Comprehensive, Collision, and/or Uninsured Motorist Property Damage coverage. The Agent may either complete the vehicle inspection form or provide photographs and must retain records of either in the agency's file per guidelines listed above. If the vehicle being insured is a new purchase from a dealership, the Agent must obtain a copy of the purchase receipt and Vehicle Inspection Form within 7 days of purchase and keep in your agency's file per guidelines listed above.

Photo Requirements

In lieu of a completed vehicle inspection form, the following photographs may be obtained and retained with the application:

Four corner photos

- A photograph should be taken of each corner of the vehicle which in total will show the entire exterior of the vehicle.

VIN

- One clear photograph of the VIN plate located on the dash or door.

Mileage

- One clear, legible photograph of the vehicle odometer showing current mileage.

Damaged Areas

- Clear photographs of any existing damage on the vehicle must be obtained.

Surcharges

Driver points are based on all occurrences and/or violations that have occurred in the thirty-six months immediately preceding the policy or the renewal date. Any accidents listed on a motor vehicle, application or other underwriting report will be considered at fault unless a police report or written explanation is provided stating one of the following:

- The insured vehicle was legally parked.
- The insured or a listed driver was struck in the rear while legally stopped for traffic or a traffic device.
- The insured or a listed driver was involved in an accident with a hit & run driver and reported to the police within 24 hours after the occurrence.
- The insured or a listed driver on the policy received a judgment or reimbursement from a third party and no liability payment was made on behalf of the insured.

All one vehicle accidents are considered at-fault. If an at-fault accident and a violation arise out of the same incident, the one resulting in the largest surcharge will apply. If an at-fault accident occurs in conjunction with a major violation, both incidents will be surcharged.

Discounts Requiring Documentation

If the proof of eligibility for a discount is received after the policy is issued, the discount will be applied on a pro-rata basis.

- **Prior Coverage Discount** - a prior coverage discount will apply to the policy when the named insured can provide proof of prior insurance coverage from a company other than GAINSCO for the six months immediately preceding the effective date of the policy and has not had a lapse in coverage of more than 30 days. Proof of the prior insurance coverage is required with the application and the binding of coverage. Acceptable proof of prior insurance includes a letter of experience on prior carrier letter head, company issued Declaration page, applicable renewal offer or ID card with an expiration date within 30 days of the effective date of the GAINSCO policy.
- **Agency Internal Transfer Discount** - a prior coverage discount will apply to the policy when the named insured is eligible for the prior coverage discount as defined above and the prior coverage was written by the same agency submitting the application to GAINSCO. Proof of the prior insurance coverage and proof that the prior coverage was written by the agency are required with the application and the binding of coverage. Acceptable proof includes those forms of proof available for the prior coverage discount when the agency's name is shown on the document, and will need to be supplemented with additional documentation when the agency's name is not shown. Prior GAINSCO policies do not qualify for the Agency Internal Transfer Discount.
- **Homeowner Discount** - a discount will apply to the policy when the named insured submits acceptable proof of homeownership. The individual identified as the named insured on the auto application must also appear as the owner on the homeowner's proof. The homeowner discount is not available to a minor whose parent(s) are not listed on the policy. Acceptable forms of proof include

a homeowner's insurance policy declaration page, mortgage statement, property tax records or property deed. Mobile homeowners are eligible for the homeowner discount.

Additional Discounts and Surcharges

- Any driver added to the policy in term (after the 60th day following the effective date of coverage) that is defined as being unacceptable in the underwriting rules/guidelines will be surcharged in addition to any other surcharges that may apply.
- If the garaging address or primary area of operation of any listed vehicle on the policy is moved outside of Texas (after the 60th day following the effective date of coverage) or if the insured moves their residence outside of Texas a surcharge will apply.
- Any vehicle or coverage added in term (after the 60th day following the effective date of coverage) that is defined as being unacceptable in the underwriting rules/guidelines will be surcharged in addition to any other surcharges that may apply.
- Business use (Class 3) should be assigned to any listed vehicle that is used in the occupation, profession or business of the insured. A surcharge will apply. Business use coverage is only available on "private passenger" type vehicles and pickups with a gross vehicle weight under 10,000 lbs. An insured vehicle assigned a business class use cannot be registered or titled to a business, corporation, partnership or DBA.
- If a driver possesses a Driver's License classified as "Unverifiable" (see page 7) there will be a surcharge applied to the risk.
- An advanced purchase discount will be applied when the policy is purchased at least 3 days prior to the new business effective date. The discount will not be applied when the Agency Transfer discount is also applied or when proof of prior insurance is not provided.

NOTE: Within the first 60 days following the effective date of coverage, the addition of any driver, vehicle, or coverage, or a change that otherwise results in a risk that is unacceptable under our underwriting guidelines, may result in cancellation of the policy in lieu of the application of an Additional Surcharge.

POLICY SERVICES

SR22 Filings

If an SR22 filing is needed by the insured or a member of the household living with the named insured, it may be done at point of sale if the new application is uploaded through the company website portal.gainscoconnect.com by following the prompts that are provided as part of the web upload process. Forms are available upon request for the issuance of SR22 filings in the agent's office; please contact your Territory Manager. If the SR22 filing is needed after the policy is effective, contact Customer Service for assistance. There is a fee for the processing of the SR22 filing. SR22 filings will only be processed in the state of Texas for the name insured and for members of the household living with the named insured.

Endorsements

Endorsements can be processed online at portal.gainscoconnect.com or by phone, fax, or mail.

Endorsements processed online will detail any additional premium and any amount to collect. Once the endorsement is submitted online, a confirmation page will generate and it must be printed, signed by the insured, and maintained in the agency's file, per the documentation requirements under the Agent Duties section of this Rule Guide.

If an endorsement results in a return premium, the insured's account will be credited and remaining payments will be lowered.

Agents have 72 hours binding authority (3 calendar days) from the time that the applicant notifies the producer. After this, the endorsement becomes effective the date and time of the phone call or fax, or day after postmark. **DO NOT BACK DATE COVERAGE.**

Cancellations

Flat cancellation is not permitted by the insured or producer once the policy is in force, unless there is duplicate coverage for the same risk. If a flat cancellation is being requested due to duplicate coverage, a copy of the declaration page from the other insurer indicating the policy dates is required. The company may flat cancel for down payments which are returned by the bank for non-sufficient funds. Agents are to notify the company immediately upon receiving notice of the NSF from the bank. A copy of the front and back of the returned check along with the request to cancel must be faxed to MGA Insurance Agency, Inc.

Insured's checks for installment payments that are returned for non-sufficient funds will be cancelled giving the appropriate notice.

With the exception of flat cancellations, all cancellations will be calculated on a pro rata basis. A request by the insured to cancel the policy must be in writing and signed by the named insured; the effective date of the insured requested cancellation cannot be earlier than the date the agent or company was notified by the named insured.

Renewals

A renewal policy will be issued after the inception of the new policy period if all premiums owed on the current policy have been paid and the first payment of the renewal policy has been received prior to the expiration of the current policy term. Renewal offers and non-renewals will be sent at least 30 days prior to the annual policy anniversary date.

If the appropriate renewal payment is not paid and mailed (U.S. Postal Postmark) by the expiration date of the six-month policy term, coverage will expire on the final day (expiration date) of the current policy term (there is no grace period). If the appropriate annual renewal payment is not mailed/postmarked (U.S. Postal Postmark) by the actual annual anniversary date, coverage will expire effective that date (there is no grace period).

The renewal policy can be paid in full or will be billed in six installments to include the appropriate down payment. The gross premium plus a policy fee will be equally divided over the installments. The first installment on a renewed policy will include an ATPF fee for each listed vehicle, plus the SR22 fee if applicable.

Reinstatements

Reinstatements are permitted for up to 30 days. Reinstatements can be processed online at portal.gainscoconnect.com for up to 7 days from the cancellation date, after the 7th day reinstatements can be processed by phone or fax to Customer Service.

If a policy is cancelled for underwriting reasons, and the reasons for cancellation have been corrected prior to the cancellation date, the policy will remain in force without a lapse.

If the reason for cancellation was for non-payment and payment is postmarked/received by the agent or company within the cancellation notification period as required by the insurance code (10 days from the date of the cancellation notice), the company will reinstate with no lapse in coverage.

If payment is postmarked/received by the agent or company after the cancellation has taken effect, a reinstatement without a lapse in coverage may be considered at the company's discretion (company approval required), only after collection of any owed premium is paid and a no loss statement is executed and signed by the named insured for the period of time between the actual cancellation date and the signing of the no loss statement. An inspection form may also be requested at the underwriter's discretion.

Rewrites

Rewrites can be processed online at portal.gainscoconnect.com. A policy that cancels for non-payment is eligible for the rewrite option. Policies that are ineligible for the rewrite option include policies that are cancelled for underwriting reasons, cancelled for insured NSF, had a non-renewal posted or if there is an open claim.

PREMIUM DETERMINATION

If an application is submitted with an improper driver class, discount, surcharge, etc. the policy will be issued at the appropriate rate level according to the rules as set forth in this manual.

Driver Classification

Age refers to the driver's age at policy inception (effective date). A marital status of "single" refers to an unmarried, widowed, divorced or legally separated driver. A marital status of "married" means a legally married person residing in the same household as his/her spouse. If a married driver does not have his/her spouse listed or excluded on the policy, the driver must be rated as "single".

Physical Damage

A pre-insurance vehicle inspection form must be completed at the time of application for all vehicles insured with physical damage and/or Uninsured/Underinsured Motorist Property Damage coverage.

Vehicles should be inspected as follows:

- Verify that the VIN number on the dashboard matches the VIN number of the registration and application.
- Walk around the vehicle to check for existing damage. If there is existing damage, the damage must be clearly described on the inspection form and photos must be taken and maintained with the application paperwork.
- Odometer reading must be completed.
- This same procedure applies when endorsing vehicles with physical damage.

A vehicle inspection form is required for each vehicle insured with physical damage and/or uninsured/underinsured motorist property damage coverage. If a loss occurs and it is determined that the producer did not actually inspect the vehicle and prior damages are paid for by the company, the company reserves the right to make a claim for these previous damages from the producer.

Exception: Vehicle inspections are not required for new vehicles if a copy of a licensed dealer's bill of sale, invoice or window sticker is submitted with application.

Insurance Scoring

- An Insurance Score based upon credit history information may be ordered for the named insured as part of the quote process.
- To order the Insurance Score, select "Scored" and follow the instructions on the www.gainscoconnect.com website. Please read the disclosure on the website to the customer and verify their permission to obtain the score. Select "Agree" only if the applicant gives permission to obtain the score.
- Include the full name, address, date of birth, and last 4 digits of the applicant's Social Security Number in order to obtain the Insurance Score. An applicant has the right to not provide the last 4 digits of their Social Security Number, but this may result in a No Hit result.
- If a score is ordered and results in an applicant not receiving the maximum rate benefit, or a No Hit or "thin file" result is returned, provide the applicant with the FCRA notification that is generated by the website. If a customer suspects inaccuracies in their credit information, they may request a copy of their report by contacting the vendor as instructed in the notice provided.
- The insurance score will be automatically re-evaluated every thirty-six months. In addition, at the request of the named insured, we will re-order the score up to once annually. Should the score result in a more favorable rate for the insured we will use it during the renewal pricing process. Otherwise, we will continue to use the score from the prior policy term.
- If the applicant believes their credit information has been directly influenced by a catastrophic illness or injury, the death of a spouse, child, or parent, by temporary loss of employment, by divorce, or by identity theft, they may submit to us in writing a request that we provide an exception to our rates, rating

classification, or underwriting rules related to that information. If an exception is granted, we will consider only the credit information not affected by the event or we shall assign them a neutral score. We may require reasonable written and independently verifiable documentation of the event and the effect of the event on their credit information before granting an exception. We will not consider repeated events or events which have previously been reconsidered as an extraordinary event.

- If a score is ordered and returns a result of subject deceased, then the application is unacceptable. The applicant will have the option to verify/modify their information and have the Company re-order to obtain a new result.
- The Company will not use an insurance score developed using factors that are prohibited by law or applicable regulation.

CLAIMS

All claims should be reported as promptly as possible. Accidents involving injuries or that render the insured vehicle not drivable should be reported to MGA Agency, Inc. by telephone as soon as possible. All other losses should be reported by fax or correspondence on the appropriate form as soon as possible to the Company.

Claims phone number: 800-669-1561

Claims fax number: 800-699-1560

MATERIAL MISREPRESENTATION

It is important that agents ask all questions directly to the applicant and clearly explain the consequences of providing false information. Complete and accurate information on the application is required in order to bind coverage. Material misrepresentation may result in the policy being declared null and void from inception and will impact the insured's rights to policy benefits. It is important that agents explain that a claim may not be paid if false or misleading information is provided to us. Misrepresentation includes, but is not limited to the following:

- Failure to disclose all household members aged 15 or older.
- Use of an incorrect garaging address
- Failure to report all prior accidents or violations on the application.
- Failure to accurately report vehicle usage or vehicles available for use.
